Early Years

Julia started karting as a little girl at the age of 4. Her early experiences shaped her into the passionate individual she is today.

Hard work and dedication

- Julia works hard to become faster and more skilled on the track.
- Off-Track Training: Exercises with a personal trainer, building endurance and concentration, simulator sessions, Formula Medicine support.
- Her dedication to learning has been a defining aspect of her journey.

Growing Achievements

- Starting in the Rotax Poland: Julia's first races in a professional series (years 2017-2022) in MicroMax and MiniMax.
- In 2023 at the age of 11 Julia moved to Rok Cup Poland and jumped to Junior category. In September 2023 Julia participated in Rok Italy and Rok Superfinal as an International Debut.

Until 2021, Julia participated in competitions occasionally when she decided that karting and Motorsport is what she wants to do.

Plans for next 3-4 years

- In 2025 we would like to participate in FIA Karting Academy Trophy as this is a great way to move up to the most professional karting level.
- If we cannot participate in FIA Karting Academy Trophy we would like to participate in Champions of the Future Academy series, which we believe is a very good series for development of female drivers and drivers at all.
- We also plan to participate again in ROK Cup Italia, which Julia enjoyed this year and which is a good experience for the future.
- If we have budget the calendar will allow it we would also like Julia to participate in some WSK races.
- Our ultimate goal and Julia's dream is to join F1 Academy within next 3-4 years and then SKY IS THE LIMIT!

Conclusion

- Julia's journey is a testament to the power of passion. Her unwavering commitment to her interests and her willingness to embrace new experiences have let her to remarkable achievements.
- Her exceptional talent, dedication, and determination to reach the pinnacle in karting bode well for her future prospects in the sport.
- At only 12 with no international Racing experience she proved on many occasions that she was very fast and could compete with much more experienced older drivers
